

Werner Risau Prize 2017 for Outstanding Studies in Endothelial Cell Biology

The German Society for Cell Biology (DGZ) and the Werner-Risau-Prize committee will award a prize for "outstanding studies in endothelial cell biology" to candidates within the first five years after obtaining their PhD or MD (except in case of maternal leave). The prize will be awarded for an article already published or in press, and consists of a personal diploma and a financial contribution of EUR 4000.

For further details please visit: <http://www.werner-risau-prize.org>

Applicants are requested to send a letter of motivation together with their CV and one copy of the article by email (preferably in pdf format) to the

Werner Risau Prize Committee
c/o Prof. Dr. Rupert Hallmann
Institute for Physiological Chemistry and Pathobiochemistry
Westfaelische Wilhelms-Universitaet Muenster
Waldeyerstr. 15
D-48149 Muenster, Germany

E-mail: hallmanr@uni-muenster.de

Deadline for applications: January 30, 2017

The prize will be awarded during the Meeting of the German Society for Cell Biology in Leipzig, March 1-3 (<http://zellbiologie.de/tagungen/>).
